An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

In claim 3, line 4, after "vessel", - - followed by packing said chromatography column with said chromatography media - - has been inserted.

The following two new claims have been added:

- - 7. The method of claim 1, wherein the components of said slurry include target molecules and said components are circulated from and returned to said slurry vessel until sufficient adsorption of said target molecules on the chromatography media is achieved.

8. The method of claim 3, wherein the components of said slurry include target molecules and said components are circulated from and returned to said slurry vessel until sufficient adsorption of said target molecules on the chromatography media is achieved. - -

Claims 5 and 6, drawn to a non-elected invention have been cancelled.

Authorization for this examiner's amendment was given in a telephone interview with Kevin S. Lemack on February 2, 2004.

It was agreed that support for the amendment can be found at pages 21-22 of the published PCT specification.

The amended drawing of Figure 5, submitted in the preliminary amendment of May 24, 2001, has been approved.
